

Montreal (Auditorium)

This spacious and fully air-conditioned auditorium in the Congress Center Basel underwent complete renovation and now has space for 525 people. The comfortable new leather chairs each have their own folding table and communication system, making for a mix of modernity, functionality and comfort.

Thanks to the state-of-the-art technology, the Montreal Auditorium is particularly suitable for lectures and panel discussions which involve voting, as well as for multi-media presentations and for showing films.
