

Congress Center **Basel**

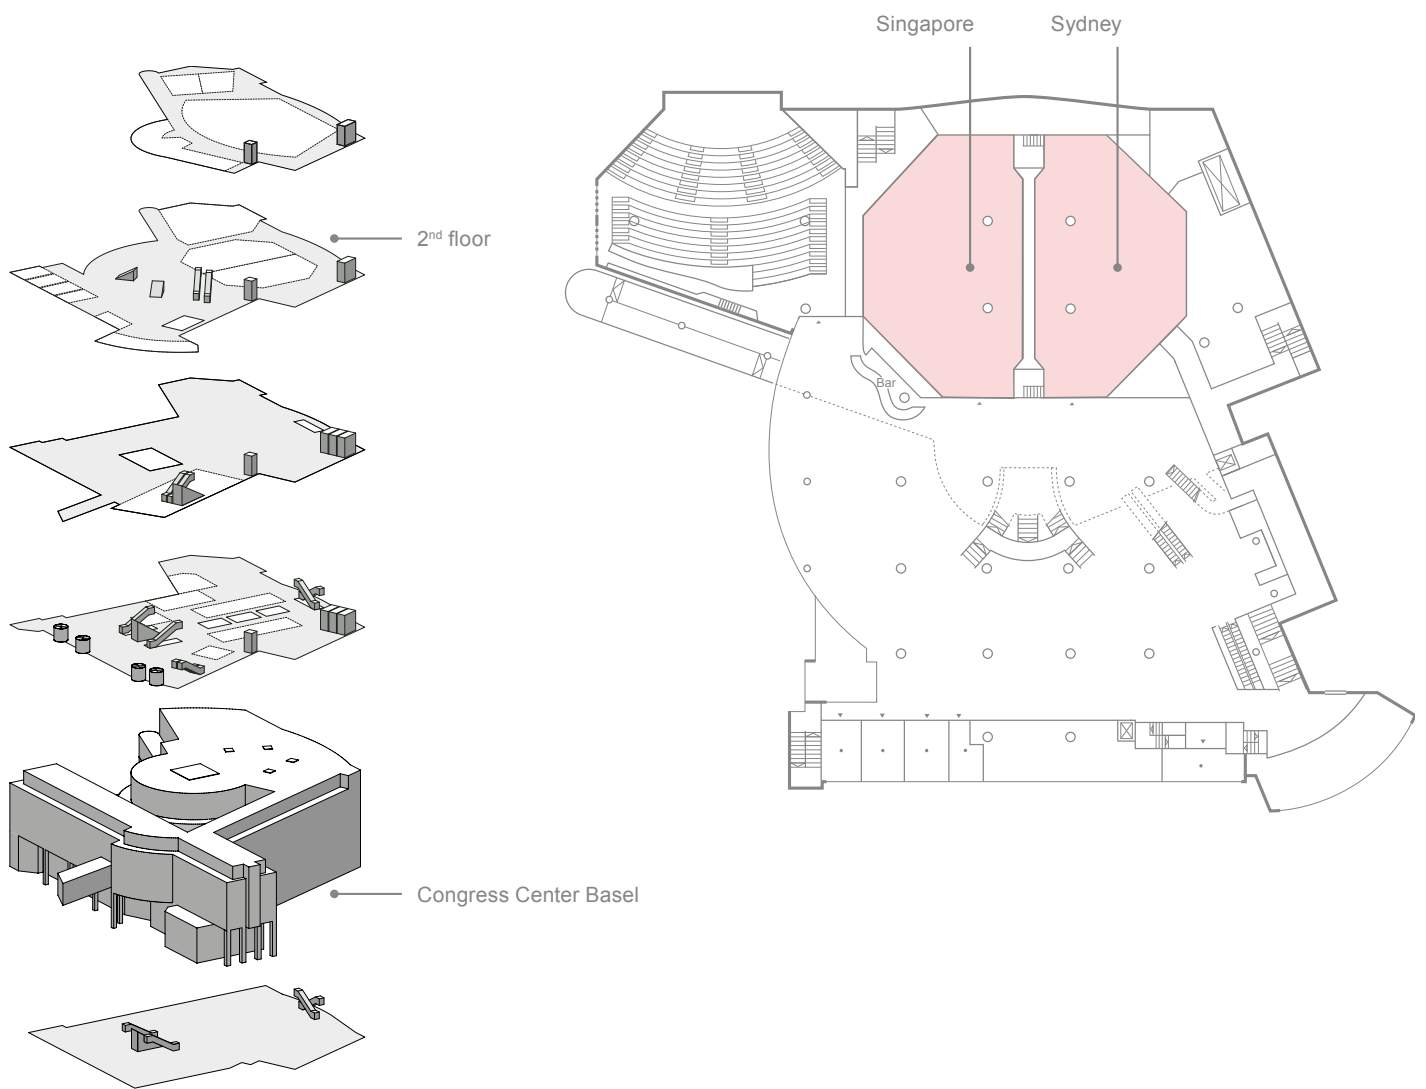

Singapore and Sydney

The twin rooms of Singapore and Sydney are accessed via the foyer on the second floor. The two rooms are connected to each other and can be used either individually or joined together. Each room is 581 m² in size and provides an ideal setting for presentations and seminars, as well as for banquets and receptions. Flexible seating arrangements are possible, and

the permanently installed state-of-the-art technical systems can be expanded as required. For banquets, each room holds 350, or the two rooms joined together, 700. With concert seating, each room will hold 600, and the two rooms joined together 1200.
